### Princess Cruises to Visit Yorktown in 2024

This week, there was a lot of exciting news being reported about Princess Cruises visiting Yorktown starting in 2024. The current president of Princess Cruises, John Padgett, is a Yorktown native and is championing the idea. While \$7.5 million in state funding is proposed for a permanent pier, the County’s understanding is that this is a one-year pilot program that would have passengers tendered to the current

Riverwalk Landing Piers. These additional visitors via the cruise line would contribute to the region’s economy, benefiting shops, restaurants, and regional attractions, as well as generating revenue for both the Commonwealth and multiple local governments most significantly through increased tourism, which is a major part of York County’s economic base. The state award, if approved, would fund the needed infrastructure and a new tender pier located adjacent to the Watermen’s Museum. This opportunity for investment also provides a unique chance to reimagine and reconstruct the Watermen’s Museum, expand its educational contributions, and further enhance the museum offerings and experience.
