Subject: Riverside Health System - Please Read

Good afternoon,

When we learn of any changes in health care that may impact our employees, we want you to know as soon as we know. If you are a member of one of our Cigna medical plans, we wanted to inform you of a **possible** upcoming change with Riverside Healthcare that would take effect on August 1, 2023. Cigna is currently in negotiations to reach a new agreement with Riverside Healthcare, its hospitals, facilities and certain doctors to remain in Cigna's commercial network. If an agreement can't be met and you are directly impacted, you will receive a letter or email from Cigna in the coming days to officially inform you of this change along with further details and options for transitioning your healthcare.

While we understand how unsettling this type of disruption can be, please remember it is still possible for an agreement to be reached by August 1st resulting in no disruption. This letter that Cigna may have to send you is to comply with the 30-day notification requirement of the current status.

If you are a Cigna member and have any questions or need further assistance, you can call Cigna using the phone number on the back of your ID card at any time or you can certainly reach out to me, if needed.

Kind regards,

Carol
