Subject: [EXTERNAL] Budget

I know you do your best and develop the budget based on many things, however, I think it's time for the Board to think about not doing everything on their list!

Sometimes it is better to try to function within current revenue, increase in tax is always the way out as opposed to perhaps living within the means!

The tax increase proposed will put more burden on those of us who are retired, we don't get COLA that keep up with tax increases!

Most retired folk will just tighten their budget to deal with increases, which is what then County needs to do as well!

Even the schools need to work within their current funds!

Thank You

LH
