Subject: VDOT Bridge Information

HRTPO Board Members:

During the HRTPO Board meeting on Thursday, July 17, 2025, additional information was requested regarding bridges. Please find below links to VDOT's bridge data dashboards, both of which allow filtering by jurisdiction:

1. [VDOT Dashboard Structure Conditions](#): Includes condition ratings
2. [VDOT Posted Structures Report](#): Includes posted weight

For your convenience, a summary spreadsheet is also attached. This document provides an overview of posted bridges, including details such as structure age, deck condition ratings, and posting status. This format may be helpful for those seeking a quick reference.

Please note that the VDOT Posted Structures Report website contains more comprehensive information, including inspection dates, weight restrictions, bridge dimensions, maintenance responsibility, and traffic volumes.

Should you have any questions or require further information, please do not hesitate to reach out.

Thank you,

Cynthia

Cynthia Mulkey (she/her)
