Curbside Recycling Returns to York County in January 2026

York County is pleased to announce that it has issued a Notice of Intent to Award for Curbside Trash and Recycling Services to *BFI Waste Management Services LLC*, doing business as **Republic Services of Yorktown**. Republic Services, a long-standing partner in the community, has provided curbside trash collection in York County for nearly 30 years. The York County Board of Supervisors is expected to approve the contract at its November 18 meeting, paving the way for the return of this valued service. Recycling containers will not be collected from

November 1 through December 31, 2025, and residents should retain their bins during this time. Some households may receive new containers before January, and a bi-weekly collection schedule will be shared soon. For updates, visit yorkcounty.gov/recycle.
